## From the Event Managers

Welcome to the 2018 edition of the Carlisle Import & Performance Nationals. We're truly excited about this event each year as it brings more diversity to Carlisle than any of our other events! The vehicles at the show span more than 100 years and come from all corners of the globe. The styles range from stock and restored to full custom builds directly from the floor of the SEMA Show.

In addition to the show cars, the event has more activities than ever before. Autocross and drifting continue to grow in popularity and this year we have added a new activity called Drift Limbo where the driver has to drift between two cones. The gap narrows until the winner is determined. We've also expanded our Exhaust Contest for 2018. This year will feature qualifying rounds on Friday afternoon and Saturday morning with the grand finale happening on Saturday. Sign up early at Guest Services!

Jaguar and Aston Martin are two of the most iconic brands from the U.K. and we have a special display in and around Building T. We are very pleased to have some Jaguar aficionados with us too! Read about them on pages 8-9 and plan to attend the roundtable discussions and book signing for your chance to talk with them.

We're equally excited to be celebrating 80 years of the Volkswagen Beetle, 40 years of the Toyota Supra and 30 years of the Nissan 240SX with displays of those vehicles in Building T. Be sure to read the Event Highlights on pages 6-7 so you don't miss a thing.

On Saturday you'll want to get a seat in the Grandstand to watch the Low Car Limbo, Ms. Carlisle Contest and Burnout Contest. Add the swap meet, car corral, Passport and more and you've got one exciting show! Thank you for joining us!

## Vendors, Midway & Car Corral

The locations of vendors and Manufacturers Midway partners are listed on pages 22-23, just after the map in the centerfold.

The Car Corral is reserved just for the sale of vehicles. Title transfer services are available at the Notary Office in the Pavilion.

Banking services are available from Members 1st Federal Credit Union in Building T. ATMs are in Building T and Guest Services.

## Passport Scavenger Hunt

Go on a scavenger hunt through the showfield and when you find the checkpoint for each vehicle's country of origin, get your passport stamped on page 35. Go to Guest Services after your passport is filled to pick up your 2018 gift and a chance to win an additional prize.

## Club Challenge & Coolest Club Hangout

The three clubs with the most registered showfield participants and the one with the coolest hangout will be presented with a one-of-a-kind banner to hang at their tent. Winners are posted Sunday at 9 AM on the Winners' List (located outside Guest Services). Clubs can earn points toward the hangout award by donating to the Toy Drive.

## Autocross & Drifting

PRESENTED BY NICOCLUB.COM

Autocross and drifting exhibitions take place on the track (see map, page 21). Seating is on top of the hill.

### TO PARTICIPATE:

- Registration fee of \$40 is payable at the NICOclub tent on the hill, unlimited runs (this is not a competition)
- Must be 18 years of age or older and a licensed driver
- A showfield registration sticker, driver's license and proof of insurance are required
- All makes of cars welcome, must pass NICOclub's technical inspection
- Helmets required, no rentals available, no exceptions
- A complete list of rules and regulations is available from NICOclub

## Carlisle Elite

Our staff will choose ten vehicles from the showfield to receive Carlisle Elite awards on Friday. To be eligible, all you need to do is have your registered vehicle parked on the showfield. Winners are presented with their awards as they are selected.

## Toy Drive

Donate an unwrapped toy or cash for Toys for Tots, and other children in need. Donations are taken by the Renault Club in Building R until 3 PM Saturday.

DECORATE YOUR CLUB TENT FOR A CHANCE TO WIN THE COOLEST CLUB HANGOUT AWARD

## Judging

PRESENTED BY EJUDGED.COM

Vehicle judging is an option to all showfield participants and is done in a drive-through format in the Pavilion.

### TO PARTICIPATE:

- Vehicle must be registered for drive-through judging
- Judging is Saturday 10-5
- Judging times on page 24
- Judging standards on pages 25 & 26
- Winners' List posted Sunday at 9 AM outside Guest Services
- Awards pick-up in Guest Services starts Sunday 9 AM

## People's Choice Citroën Judging

Visit the Citroën Club Tent for "people's choice" judging on Saturday 9 AM-3 PM. **All show attendees are invited to choose their favorite Citroën.** Award winners will be announced at the Citroën banquet Saturday night.

## Rolling Exhaust Contest

### NEW FORMAT!

Awards will be presented for the three best-sounding exhausts. Competitors line up near Gate 6 and rev and accelerate up the hill toward Gate 5. New this year, there are two qualifying rounds before the grand finale. See page 19 for schedule.

### TO PARTICIPATE:

- A showfield registration sticker,

driver's license and proof of insurance are required

- 20 contestants per round; names of qualifiers for the grand finale will be posted at Guest Services Saturday at 12 PM.
- Grand finale is 2:30 PM.
- Register early at Guest Services!

## NEW! Drift Limbo

Watch drivers test their skills on the track during this new contest Saturday afternoon. They will try to drift their cars between cones that will be moved closer together each round until a winner is crowned. Seating is at the top of the hill.

### TO PARTICIPATE:

- Competitors sign up on top of the hill at the NICOclub Paddock
- The same participation rules apply to this contest as to Autocross & Drifting (no additional fee)

## Low Car Limbo

Watch as the lowest cars at the show do the Limbo! They'll drive under the limbo bar in front of the Grandstand until the last one manages to make it without knocking it over or smoking their tires.

### TO PARTICIPATE:

- A showfield registration sticker, driver's license and proof of insurance are required
- Register early at Guest Services!

## Ms. Carlisle Contest

Be at the Grandstand to encourage and cheer for the contestants. Cash prizes go to the 1st, 2nd and 3rd place winners!

### TO PARTICIPATE:

- Ladies must be at least 18 years of age with valid ID
- Register early at Guest Services!

## Burnout Contest

Come for the always unpredictable and entertaining burnout contest Saturday at the Grandstand. Winner gets a trophy and free showfield registration!

### TO PARTICIPATE:

- A showfield registration sticker, driver's license and proof of insurance are required
- Limited to 10 vehicles, 3 minutes each
- Register early at Guest Services!

## Scenic Cruise

Pick up a map at Guest Services for a self-guided scenic drive through beautiful, neighboring Perry County in the Cumberland Valley. Go anytime, on your own or with friends.

## Worship Service

The Salvation Army leads a non-denominational worship service on Sunday at 9 AM in Building R. Everyone welcome!

**PLAN TO ATTEND: LEGENDS OF DESIGN ROUNDTABLE**  
FRIDAY & SATURDAY • 11 AM - 1 PM • BUILDING T

This Legends of Design display featuring Aston Martins and Jaguars was the brainchild of Joseph Limongelli and we are very pleased to have this group of Jaguar aficionados at the event! Don't miss your opportunity to talk with them in Building T and sit in on the Roundtable Discussions on Friday and Saturday.

### Gary Bartlett

Gary Bartlett is one of the foremost experts in classic Jaguar restorations. He started the company OSJI (Original Specification Jaguar Interiors) in 1980 and has since hand-crafted some of the top Jaguar interiors down to the finest detail. Gary is also involved with Muncie Imports & Classics, a top European and Asian vehicle restoration shop located in Muncie, Indiana.

### Joseph Limongelli

Published author, Velocity Channel TV host and overall car enthusiast Joseph Limongelli will be debuting and signing his new book on Aston Martins. Joey is the emcee for the roundtable discussion and will be talking about his next book, "Me and My Jaguar." You can also chat with him about Season 1 of the TV show "Legends of Design" on Velocity Channel and purchase a copy of the show on DVD.

### Michael Quinn

Michael Quinn is the grandson of Sir William

Lyons, the founder of Jaguar Cars, and son of Pat Appleyard, a multiple winner of international rallies in the early 1950s (in her famous Jaguar XK120 registered NUB120). He worked at the famous Jaguar dealer in London, RA Creamer & Son, for 30 years holding positions from Mechanic to Dealer Principal.

### Dave Welsh

David Welsh is the General Manager of Welsh Enterprises and son of Bill Welsh, founder of the company. Welsh Enterprises has been supplying Jaguar parts and accessories for over 40 years. It has the largest inventory of parts for 1949-present day Jaguars including Welsh-manufactured parts, used, rebuilt and rare OEM parts.

### About Aston Martin\*

Aston Martin is a British sports car brand founded in 1913 by Lionel Martin and Robert Bamford. It is known for its style, luxury, performance and exclusivity. Over the past century, the marque has stayed true to the original values of Lionel Martin, who believed that an Aston Martin must be "a quality car of good performance and appearance. A car for the discerning owner driver with fast touring in mind, designed, developed, engineered and built as an individual".

Aston Martin currently offers five models: Vantage, DB11, Rapide S, Vanquish S, and Valkyrie. Boasting a top speed of 205mph, the V12

Vantage S became the fastest production Aston Martin in the firm's history, with the exception of the ultra-exclusive One-77. In contrast, Rapide S combines Aston Martin's characteristic performance with the practicality of four seats, cloaked in one of the most graceful bodies.

Built on a heritage of GT racing and culminating in an historic victory in the 1959 Le Mans 24 Hours with the DBR1, Aston Martin returned to competitive motorsports in 2005. Consecutive GT1 class wins at Le Mans in 2007 and 2008 followed, as well as a fourth place finish in 2009 with a new LMP1 car, the fastest petrol car in the field. In 2009, the V12 Vantage claimed a class victory at the Nürburgring 24-hour race on its race debut, with 2013 welcoming the world's first Hybrid-Hydrogen race car to be raced at an international event in the form of a Rapide S, piloted, amongst others, by CEO Dr. Bez. The Nürburgring remains the definitive engineering sign-off test for all Aston Martin road cars. Aston Martin continues to race in the GTE classes of the World Endurance Championship.

### About Jaguar\*

The first Jaguar car was produced in 1935 in the United Kingdom. The company was founded by Sir William Lyons and he insisted that every car the company produced combined performance and beauty like no other. His uncompromising vision set benchmarks that Jaguar still follows.

Jaguar currently offers seven models: F-Pace (SUV), E-Pace (SUV), I-Pace (electric SUV), F-Type (2-seat sports car), XE (sports sedan), XF (luxury sedan and wagon), and XJ (premium luxury sedan).

Jaguar racing heritage began just after World War II and continues today. The XK120 put Jaguar on the map and was the fastest production car of the time. NUB120 was driven by Ian Appleyard, with his wife Patricia "Pat" Lyons, the daughter of Jaguar founder Sir William Lyons, as his co-driver. They achieved three consecutive Alpine Rally wins, something never repeated in the race's 39 year history.

While the XK120 was ruling the mountains, the track was under the command of the C-type which achieved the first Jaguar 24 hours of Le Mans victory in 1951. D-types saw victories in the later 1950s as well as broke the circuit speed record.

Though not purpose built racers, the Mark I and II excelled on the touring car circuit – where everyday road cars went head to head. These races made a name for the Jaguar small sedans between 1958 and 1963.

Born in 1982, the XJR-5 was a mid-engined, V12-powered racing prototype with an aluminium honey-comb monocoque, mid-mounted engine, and trademark green and white colouring. It finished third on its racing debut. In the 1980s, the XJR-8 claimed many victories and returned Jaguar to the top of the Le Mans podium for the first time since 1957.

After experience on the Formula 1 circuit in the early 2000s Jaguar has returned to the racing stage. Formula E puts an emphasis on innovative technology, and it's the ideal platform to test electric technologies and hone expertise for the future of Jaguar's vehicles.

## 80 YEARS OF THE VOLKSWAGEN BEETLE (Building T)

The idea behind the Volkswagen Beetle was to build an affordable and practical car. “Volks” means “people’s” in German, thus Volkswagen literally means “people’s car.” The economical car with the rear-mounted, air-cooled engine was produced from 1938 to 2003 and became an icon. The “new” style of Beetle was introduced in 1998 and variations are still in production today.

## 40 YEARS OF THE TOYOTA SUPRA (Building T)

In 1978 Toyota came out with the Supra – a new sports car derived from the Celica. It was given a longer and wider body and had an inline 6-cylinder engine like the 2000GT. The Supra’s appearance in movies and video games has boosted its recent popularity along with rumors that Toyota may debut a 2018 model.

## A&A AUTO STORES

A&A Auto Stores started as a family business in 1958. Sixty years later, A&A Auto Stores continues to be a leader in the aftermarket auto parts industry. With 18 locations in Eastern and Central Pennsylvania, A&A Auto is showing no signs of slowing down. In January, A&A Auto Stores opened our newest retail location and install shop at 1053 Harrisburg Pike, less than a mile from the Carlisle fairgrounds.

A&A has become a household name within the Carlisle Events community as 2018 will mark our 18th year of participating. A&A's Show footprint continues to grow each year. A&A offers FREE installations of exhaust systems at all of Carlisle's car and truck show events from leading brands like: Magnaflow, Borla, Corsa, Flowmaster, Billy Boat and Kooks. In addition, A&A brings a wide variety of automotive products, accessories and expert knowledge to each Carlisle event including a comprehensive product line of truck and off-road performance parts from suppliers like Extang, Trail FX, K&N, AFE, Volant, American Car Craft, Edelbrock, and Titan Lifts just to name a few.

Carlisle Events brings together enthusiasts from all over who are genuinely interested in discovering new suppliers and products. We are enthusiasts too and take tremendous satisfaction in knowing that A&A is in the position to get our customers exactly what they need.

## AMSOIL

AMSOIL specializes in developing synthetic lubricants that offer innovative answers to the greatest challenges vehicles present. The extraordinary performance of AMSOIL synthetic lubricants in a range of markets – automotive, powersports, industrial, racing and more – has made their influence in the industry unmistakable and their brand highly respected. Their commitment to innovation has resulted in legions of brand-loyal customers.

It has also resulted in a full line of exceptional specialty products. AMSOIL Signature Series Synthetic Motor Oil, for example, provides 75 percent more engine protection against horsepower loss and wear than required by a leading industry standard.\* Engineered for classic and

high-performance vehicles, AMSOIL Z-ROD® Synthetic Motor Oil features a high-zinc formulation to prevent wear on flat-tappet camshafts, and a blend of rust and corrosion inhibitors for added protection during storage.

Their synthetic lubricants – formulated, blended and packaged in Superior, WI – set the standard, providing next-level protection and world-class performance.

\*Based on independent testing of AMSOIL Signature Series 5W-30, in ASTM D7320 as required by API SN specification.

## CLASSICCARS.COM

ClassicCars.com brings buyers, sellers and classic and collector vehicle enthusiasts together. With a vibrant marketplace of over 30,000 classic and collector vehicles, an industry-leading daily blog *Classic Car News*, and a wealth of resources for classic car owners, ClassicCars.com reaches more than 2.5 million car enthusiasts a month. Whether you are looking to sell your classic fast, find your dream classic, or enjoy up-to-the-minute automotive journalism, the ClassicCars.com community is here to support your interest in the collector car hobby.

## MEGUIAR'S

For over 100 years, Meguiar's has shared its passion and pride for the car hobby and for making cars appear show-car perfect. They provide quality products for every surface of your vehicle — inside and out. Meguiar's Customer Care Center is available six days a week to answer any car-care questions you have at 800-347-5700. applications. OPTIMA Batteries is set to expand its YELLOWTOP product line to today's vehicles with the introduction of a new DIN fitment solution with new PUREFLOW TECHNOLOGY™ – coming in 2018.

The OPTIMA product family also includes a line of Digital Chargers, with advanced multi-stage charging to charge and maintain a variety of vehicle batteries. Not only do they revive deeply discharged batteries that other chargers cannot, but they also have automatic settings that prevent overcharging and keep your battery maintained during long storage periods.

OPTIMA Batteries also produces the popular Search for the Ultimate Street Car series, which has evolved over the past 10 years to include seven qualifying events and the OPTIMA Ultimate Street Car Invitational, held annually the weekend after the SEMA Show. Hundreds of vehicles compete every year for the title of the nation's Ultimate Street Car, from muscle cars to imports to hotrods and even trucks. OPTIMA Batteries expanded its event offering this year with the launch of a new nationwide Autocross series – Drive AutoX.

To learn more about OPTIMA events or to purchase OPTIMA products, please visit [www.optimabatteries.com](http://www.optimabatteries.com) or call 1-888-8OPTIMA (1-888-867-8462). Follow @OPTIMABatteries on Twitter, Facebook and Instagram.

## ROCKAUTO.COM

RockAuto ships thousands of auto parts from over 300 manufacturers to customers on every continent except Antarctica — including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies like steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

## Legends of Design Roundtable

**Friday 11 AM & Saturday 11 AM, Building T**

Meet Jaguar and Aston Martin aficionados Michael Quinn, Gary Bartlett, Dave Welsh and Joseph Limongelli. Each has a very unique association with the brands. You won't find experts like this together in one place anywhere else. Don't miss your opportunity to hear what they have to say. Read about them on pages 8 and 9. Book signing to follow discussion.

## Restoration Insights

**PRESENTED BY TIM SUDDARD**

**Friday 2 PM, Building T**

Tim Suddard, publisher of Classic Motorsports magazine, has restored more than 50 cars. In his most recent and most ambitious project, "Restoration Impossible," he took a broken-in-half 1965 Lotus Elan that had sat in a field for nearly 40 years and restored it to Amelia Island Concours condition. Suddard has seen it all and restored everything from British Specials to 80s BMWs. Topics during this seminar will cover: when to do a ground up and when to do a rolling restoration; what makes one car a better restoration candidate than another; to modify or leave stock; when is a car too rusty; 10 mistakes every novice restorer makes every time; how to buy and sell your project cars and restorations; what should you do yourself and what should be left to the experts; and how to effectively and inexpensively buy your parts.

## Windshield Replacement

**PRESENTED BY LLOYD MATHIS & BRENT BARTLEY**

**Friday 3:15 PM, Building R**

Have you ever tried replacing a windshield in a vintage car? Everything is going great except one corner doesn't seem to be level with the rest of glass. So you just give it just a little push ... and then the windshield cracks! To avoid this disaster and other pitfalls when installing a windshield, we invite you to learn from the professionals. For this unique seminar Lloyd Mathis of LDM Glass in St. Louis and Brent Bartley from Star City Glass in Ohio will actually replace a windshield in a classic car and provide step-by-step instructions as they do it. Come and learn the tricks of the trade from two guys that have been in the window business for years.

## Citroën DS Assembly/Cutaway

**Saturday All Day, Citroën Club Tent (IB 36)**

Stop by the Citroëns at Carlisle tent to see the special display of Dave Agar's 1967 Citroën DS21 on Saturday only. Dave, from New Philadelphia, OH, will display his DS with one side of the body panels removed. See how easy it is to remove the body panels, and examine the car like you never have before. Dave will give a demonstration at the club's 2 PM seminar on how the body panels attach, and how the Citroën DS was actually a "hand assembled" vehicle. As part of the seminar, there will be a "show and tell" about Citroën's assembly and safety features. Club members, including Dave will be available throughout the day to answer questions.

## Saab Air Bag Recall

**Saturday 10 AM - 4 PM, By Saab Showfield at Q 92**

If you're driving a late model Saab, you're probably affected by the air bag recall. However, most people don't know where to go to get the repair done properly since you can't just go to your local Saab dealer. If you fit the above scenario, we've got you covered. **You can have your Saab's air bag recall completed by a certified technician** who is as close to a Saab tech as you will find. The repair can be completed in approx. 30 minutes depending on the model. **Sign up FRIDAY at the Saab Club Tent and have the recall done on Saturday at space Q 92.** Limited availability, sign up early.

## Citroën Engine Rebuilding

**PRESENTED BY DAVE BURNHAM**

**Saturday 1 PM, Citroën Club Tent (IB 36)**

Engine building tips can come in handy regardless of what engine you're putting together. This seminar is presented by Dave Burnham, owner of Citroën Repair and Restoration in New York and successful ice racer. His company is considered by many to be the best Citroën repair and restoration facility in the United States. He will give you pointers on what to look for and how to remedy issues with Citroën engines. The Citroën TAV, DS, 2CV and Citroën SM Maserati engines will all be discussed. Dave will have various engine parts to display for his discussion. While specific to the aforementioned engines, many of the concepts will apply to almost any engine.

## Citroën DS: Innovation of Design and Materials

**PRESENTED BY BRAD NAUSS**

**Saturday 2 PM, Citroën Club Tent (IB 36)**

Brad Nauss, owner of Brad Nauss Automotive in Mechanicsburg, PA, will present a seminar on the Citroën DS. Brad will touch on the many innovations introduced by Citroën beginning in 1955 and changes and improvements through the 20 years of DS production. He will discuss not only the innovations that the engineers introduced (many for the first time in the history of production automobiles), but also the use of special materials they used to achieve their designs. A question and answer period will be part of the seminar. Examples of these designs and materials will be available for examination during and after the seminar.

## Race Prep

**PRESENTED BY TIM SUDDARD**

**Saturday 2 PM, Building T**

Just about all of us aspire to hit the track one day but for many the hardest part is knowing how to get there. Tim Suddard, publisher of Grassroots Motorsports magazine, is here to help. He'll use his decades of experience to help you identify the types of motorsports events available and prep your car for a day on the track. From there, Tim will tell you what to expect at your first track event and provide tips to improve your driving skills.

## Exterior

### Body & Paint: 10 POINTS

This category is based on panel alignment & straightness, body kit (fitment, rarity of product, etc.), paint/glass condition, shaving, body part or lighting conversions, wide body, and/or any other custom bodywork.

### Suspension: 5 POINTS

Type of suspension (static/air/etc). Also taking into consideration: attention to detail, ride height, undercarriage upgrades, fitment and finish of products, powdercoating/plating, install of air components.

### Brakes: 5 POINTS

The judges are looking for big brake or custom brake upgrades. Are both the front and rear upgraded? Quality and rarity of product? Also taking into consideration any other braking accessories, brake lines, and custom finishes on the braking system.

### Wheels & Tires: 10 POINTS

This category focuses on the uniqueness, rarity, and fitment of the wheels and tires. Also taking into consideration cleanliness and custom finishes.

### Overall Quality: 10 POINTS

This category focuses on the overall execution of the vehicle's exterior. Scores will be based on attention to detail, use of color & unique finishes, graphics, quality of finish, accessory lighting, and cleanliness.

## Engine Bay

### Appearance & Performance: 10 POINTS

This category focuses on engine bolt-ons, custom fabrication, aspiration (turbo/supercharger/etc), motor swap, use of paint and or custom plating/finishing, cleanliness of wiring, nitrous oxide, accessories.

### Overall Execution: 10 POINTS

Craftsmanship is key in this category. Judges will evaluate safety upgrades, performance engineering, one-off/custom parts, attention to detail, quality of plating/polishing/finishes, and most importantly level of difficulty (ie motor swap, turbo, shaved bay, wire tuck, rhd or rwd conversions, etc).

## Interior

### Passenger Compartment: 10 POINTS

This category focuses on the seating area - taking into consideration the condition and quality of dash, seats, accessories, unique features, roll cage or roll bar(s), use of fabric/materials, and overall upholstery.

### Trunk - Entertainment vs. Motorsport Theme 10 POINTS

This is a progressive judging category which takes into consideration the theme of the vehicle build. In this category, motorsport or performance themed vehicles do not lose points for not including a custom audio/video install.

*Audio/Show Car themed vehicles* will be scored based on In Car Entertainment, audio install (visual), video sources and tv/monitors, quality/rarity of products, air suspension components installed in cargo area, etc.

*Motorsport/Performance themed vehicles* will be scored based on fuel cell install, roll cage components in trunk or rear suspension area, suspension components, strut bars, braces, safety equipment, quality/rarity of products, etc.

### Overall Quality: 10 POINTS

Attention to detail, use of color/finishes, materials, fitment, cleanliness, fabrication, level of customization.

## Show Quality

The Show Quality portion of the scoresheet is a comprehensive look at the build's overall execution and style. These two categories are judged based on the universal 5-star rating system. Those possible 10 stars count as the final 10 points of your overall score.

**Originality/Uniqueness: 5 STARS**  
Rare vehicles or more common vehicles with unique modifications and rare parts will score higher.

**Overall Execution: 5 STARS**  
Overall quality of build. Fitment throughout all aspects of vehicle. Does the vehicle flow? Is it period or era correct? Is it relevant to current trends? Is the vehicle still functional?

**The overall score is based on a possible 100 TOTAL POINTS.**

## Stock, Restored & Preserved Vehicles:

Due to the unique format of Carlisle's Import & Performance Nationals, not all vehicles will fit strictly into the official "Judging Standards" score sheet. Vehicles that have been purposely kept stock for restoration or preservation purposes will be judged on slightly different criteria. All drivers must consider that they are competing against a flawless version of their build on a score sheet, rather than against the other competitors in their class, whether the vehicle is stock, subtle, or aggressively modified. Some classes may include both stock and modified vehicles.

Restored and preserved vehicles will be judged on the same visual areas of their vehicles – *Exterior, Engine Compartment, Interior/Trunk, Overall Execution, etc.* Deductions can be given for imperfections in paint/materials, scratches, general dirty upkeep, etc. Further deductions can be given for bolt-ons and custom modifications as well. If you are building a restoration project, you must keep in mind that all aspects of the build must be "period correct" for age of the vehicle. A properly restored vehicle should now once again have the appearance of a show room vehicle from its original production date – with zero or few aftermarket modifications. A preserved vehicle may show some age, but should still overall maintain its factory show room appearance. Replacement parts should be "period correct" and should be OEM equipment.

Deductions and scoring will be weighed accordingly, so that stock (restored and preserved) vehicles that appear in the same classes as modified vehicles, will be considered on a level playing field for placement within the final results. The event judging staff has gone through a training and selection process to be a part of this event.

CLOCKWISE FROM TOP LEFT: TIM WITH WIFE AND MAGAZINE PARTNER, MARGIE; TIM'S TR3, TIM RACING HIS TR3; TIM'S LOTUS ELAN AT THE AMELIA ISLAND CONOURS

By Sabrina Smith, Carlisle Events

Tim Suddard, owner and co-founder of Grassroots Motorsports and Classic Motorsports magazines, can recall three significant memories from when he was four years old: Kennedy being assassinated, his grandfather dying and his dad taking him to his Ford dealership to show him something called "The Mustang." Whether he knew it or not at the time, that was the day his obsession with cars began.

Eleven years later, at age 15, Tim started a Mustang parts business and worked at his dad's dealership. Three weeks after leaving for college he got a job doing oil changes at a nearby gas station because "he couldn't be away from cars." He completed his degree, began to autocross and landed his first full-time job at an ad agency,

finding his attention to be on the automotive accounts.

At 24 years old, Tim started his car magazine business, which has continued to run and prosper for 34 years. Throughout the years, Tim has grown to wear many hats within the company. As the owner and co-founder, he is responsible for improving the publications, websites and event business that has developed around the publications. Primarily, he works with event sponsorships by putting advertising packages together to help companies connect with their readers. Aside from all that, he still manages to be a primary writer for both publications, writing a column in every issue, a lot dealing with the project car build-up series.

As a true automotive enthu-

siast, Tim is no stranger to Carlisle. He's been attending Import and Performance Nationals for the past 20 years. He may not be in the "parts business" anymore, but you can still find him bringing leftover parts from his project cars (50 so far). To preserve the automotive hobby, Tim tries to help others by selling his parts very cheap and giving younger enthusiasts a special deal at Carlisle. Once his leftover parts are gone, Tim said "I use whatever money I earn and try to spend every cent of it on the field at Carlisle to find parts for my next project!"

Tim is a prime example of a Carlisle-lifer and automotive enthusiast. You can find Grassroots Motorsports at B 45 and Tim is giving two seminars in Building T.

CLOCKWISE FROM LEFT: GREG WITH WIFE, BECKY; GREG BEING INTERVIEWED ON SPEEDVISION AT A NICOFEEST EVENT IN AZ; GREG TOURING THE NISSAN HERITAGE MUSEUM IN ZAMA WITH ONE OF THE PEOPLE WHO MAINTAIN THE COLLECTION

By Sabrina Smith, Carlisle Events

Greg Childs, owner and operator of NICOclub, is no stranger to the automotive hobby and Carlisle Events. Greg's love for all things automotive began at a young age, owning an astronomical collection of Hot Wheels and plastic model kits. As Greg grew older, his involvement in the hobby did as well. He vividly recalls helping his dad restore a '49 Olds and eventually restoring a customized '68 Buick to show-winning condition!

However, in 1992, Greg said that is when the "Import bug bit." He had purchased his very own beat-down '84 CR-X and converted it to a solid performer. Later, he swapped it out for a '94 Civic Si, which he "extensively modded." From there, Greg was introduced to Infiniti, purchasing a Q45, stating "the

rest is history."

Taking his passion for import vehicles one big step further, Greg founded NICOclub in 2002. NICOclub serves as the premier resource for all things Nissan and Infiniti on the Web. Greg said, "We're not just another car forum, but a family-owned and operated car club that happens to have a website." Staying true to that statement, NICOclub is and Greg said, "will always be" independent, not sold to corporate entities that aren't "actual enthusiasts." Some may ask how NICOclub has continually proven to be successful in the ever-changing automotive community. Greg credits that success to his phenomenal team of fellow car enthusiasts that are more like an extended family as well as their members' passion for their cars!

Greg, along with NICOclub, have been coming to Carlisle Import & Performance Nationals for 12 consecutive years. They're responsible for the operation of the drifting and autocross activities during the event. Each year, NICOclub's mission is to try and make it bigger and better than ever because "nothing brings people together like tire smoke and a day of friendly competition."

"It's without a doubt the highlight of our season, and the crew at Carlisle are the best in the biz," said Greg. "It's no exaggeration to say we're extremely proud of our association with the event, and we hope to continue the relationship (with Carlisle Events) for years to come."

Find Greg and NICOclub at the Autocross Track here at the Carlisle Fairgrounds!

## Scavenger Hunt

Walk around the entire showfield and look for checkpoints that represent each country of vehicle origin. Then, ask the checkpoint staff to add their stamp to this page. For fun, see how many vehicles you can identify along the way.

## After the Hunt

Take your completed passport to Guest Services to get the final stamp (the event logo), pick up your souvenir and try your luck at winning a prize. We appreciate the generosity of the following area businesses for donating prizes: Classic Motorsports Magazine, Marcello's Ristorante, Market Cross Pub & Brewery and Williams Grove Speedway.

## Grand Prize Drawing

While at Guest Services, you may sign up for a chance to win the grand prize: three nights' lodging and weekend admission to next year's event!

## REVITALIZATION OF CARLISLE'S FORMER IAC SITE

The site of the former International Automotive Components plant, located along Spring Road a few blocks from the Carlisle Fairgrounds, closed in 2008. Carlisle Events purchased the property and has undergone several years of clearing the land, planning, cutting through red tape and is now in the beginning stages of construction. The first phase of the project is the infrastructure – roads, storm water runoff, sewage, power and water lines, etc. By the end of this event season we expect to see some buildings take shape to include a hotel, shops and a luxury car condominium community (Concours at Carlisle – [concoursatcarlisle.com](http://concoursatcarlisle.com)). We are very excited at the progress and will include updates in this year's event guides.
